Announcement from Mother Center for SRF Centers and Groups

We are pleased to share with you the news of a documentary film project that is about to be launched on the spiritual and humanitarian work of our guru, Paramahansa Yogananda, and his society, Self-Realization Fellowship/Yogoda Satsanga Society of India.

SRF is very grateful that during this time of economic challenges, an independent film company has been funded by two generous individuals (who wish to remain anonymous) to undertake this important project.

As was expressed in the recent Voluntary League Newsletter, these are times when our Guru's spiritual light and inspiration is being sought by an increasing number of people. We are sure this film, which is being made with SRF's full cooperation, will introduce countless seekers to Paramahansa Yogananda and Self-Realization Fellowship when it is released.

Work on the research phase of the film project is just beginning. The entire project is estimated to take a couple of years to complete. Over the next four to five months, CounterPoint Films – an Academy Award nominee who has been selected to produce the film – will be conducting research which will include information-gathering interviews with SRF monks and nuns, and lay members, as well as film shoots of our locations, services, and activities.

We are confident that this film will have a far-reaching impact on the growing audience of spiritual seekers around the world, and welcome your prayers for the success of this project.

As the project moves forward, we will keep you informed of its future development.

In divine friendship,

SELF-REALIZATION FELLOWSHIP
